

## Merit LILIN Application Note

### WebSmart Spanning Tree Setting for Other Network Management Types of Switches

Document Number : A00205

Date : 10/07/2019

Dept : Technical Support, Taipei

LILIN WebSmart PoE Switches: PS3108C, PS3188C, and PS3268C

**Subject:** LILIN WebSmart switch might not work with PS3248, PMH-series switches, or other network management switches. If you experience this issue, please enable RSTP feature on WebSmart switch.

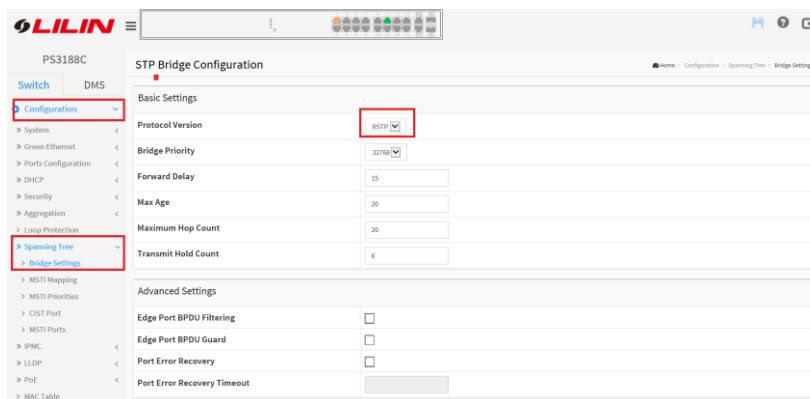

PS3248, PMH-series switches, or other network management switches

### IPScan tool for finding WebSmart Switch:

<https://www.dropbox.com/s/83olo5cq97798nx/SIW1.0.6.37855.zip?dl=0>

Visit the setting to RSTP on Configuration->Spanning Tree->Bridge Settings->Protocol Version -> RSTP .

Click Apply button and click Save  button.
